**Project Work**

### Semester-5

Current Technologies  
E-Commerce  
Web Technology-ASP DotNet  
Advanced Java  
Practical- Advanced Java  
Practical-ASP DotNet  
**Project Work**

### Semester-6

Mobile Computing  
Information Security  
Software Testing  
Linux & Shell Programming  
Practical –Linux  
Practical - Mobile Computing  
**Project Work**

# Infrastructure

**Lush  
Green  
Lawns**

**22  
Laboratories  
equipped with  
latest A/V Aids**

**Solar  
Panels of  
110 KW**

**Fully  
Wi-fi  
Campus**

**Sprawling  
Area of 16  
Acres**

**Fully  
Automated  
Library with  
open shelf  
system**

# Workshops

A workshop is a great way for students to learn about a particular subject, learn new projects, and methods to get better. Attending workshops can help students achieve success in their academic environment by putting these skills into practice. Technology has struggled to find its way into the classroom in all sorts of ways, from projectors and televisions to computer labs and student laptops. Along with improving the way students are taught, it is also vitally important that students learn to use computers.

## Various Workshops organized by Sanatan Dharma College are:

1. Android App Development
2. Linux
3. Digital Marketing Tools
4. Ethical Hacking
5. Web Designing & Apps
6. Statistical Tools for Data Science
7. Machine Learning with Python
8. SEO Tools
9. Content Design Tools
10. Block Programming and many more...

## Guest Lectures

Guest Lectures suggest ways to enhance the value of the speaking engagement and presents a model to ensure a match between the presentation and classroom objectives. Practical approach with theoretical knowledge is the necessity to learn any field. Guest lectures enable the students in enriching the latest updates regarding avenues for higher studies and jobs as well as the need of the industry. While handling the real modern life challenges one must need the best academicians with leadership quality and knowledge about computer skills. S.D. College ask guest speakers to the campus for a variety of reasons.

1. We invite a successful alumnus to come to the classroom and speak with students about how they broke into their field.
2. Guest lectures need not be limited to campus-based courses.
3. College professors from distance learning and online courses may also incorporate guest speakers into the curriculum.
4. Guest lectures can open student's eyes to job prospects they never saw possible before.
5. These guest lecturers provide a thriving calendar of lectures and seminars spanning the entire gamut of Computer Science topics.

# Industrial Visits

The Objective of the Industrial Visit is to help students gain firsthand information regarding functioning of the industry which presents the students with opportunities to plan, organize and engage in active learning experiences both inside and outside the classroom.

## Special Objectives for the Students

- To understand the process.
- To experience chemistry at work
- To become aware of the role of different people in an organization.
- To become aware of Career Opportunities
- To recognize the need for Health and Safety in the workplace
- To focus students of specific aspects of their studies

## Moodle Learning Management System (LMS):

Sanatan Dharma College, Ambala Cantt is having its own **Learning management system (LMS)**: Moodle which is a software application for the administration, documentation, tracking, reporting, automation and delivery of educational courses, training programs, or learning and development programs.

1. Our learning management system concept emerged directly from e-Learning.
2. Our LMSs is focused on online learning delivery and support a range of uses, acting as a platform for online content, including courses. Our LMS delivers and manages all types of content, including video, courses, and documents.
3. In the education and higher education field, our LMS includes a variety of functionality that is like corporate but will have features such as rubrics, teacher and instructor facilitated learning, a discussion board, and often the use of a syllabus. Currently on our Moodle there are: **1700+ Courses** and **12000+ Users** enrolled.

## College Information Management System (CIMS):

The college has developed CIMS (College Information Management System), which is an ERP based software developed in consultation with the needs of the stakeholders. Through CIMS students can access their:

1. Examination Results
2. Assignment Scores
3. Attendance Details and
4. Other academic information directly on their computers or mobile phone.

Faculty members have the facility to upload details of their activities and duties during the session and then retrieve the same in a desired format.

# Culture of Quality & Innovation @ S.D. College, Ambala Cantt

The **Start-up cell** in Sanatan Dharma College, Ambala Cantt is working with its team of mentors, coordinators and E-cell student volunteers of the institute is meant for nurturing the potential start-up ideas that will cater need of both tech and non-tech solution to various social, economic, and industrial problems of the nation.

An **Entrepreneurship Development Cell (EDC)** has been functioning in Sanatan Dharma College, Ambala Cantt. The cell conducts workshops/panel discussions inviting entrepreneurs from various fields to encourage and nurture entrepreneurship among students. A technology incubation center has been set up to provide infrastructure and support for budding entrepreneurs.

Ministry of Human Resource Development (MHRD), Govt. of India has established **Institution's Innovation Cell (IIC)** to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). The primary mandate of IIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are in their informative years.

"A platform for encouraging filing of IPRs and patenting the products/technologies for the benefit of the Institute and thereby to society at large"

IPR cell adopt a sound IP strategy, to secure IPR for a large base of knowledgeable Faculty and highly talented Students in the College. We are in the process of setting up structured processes to identify, facilitate and develop innovation.

# Alumni Speaks

**Rajneesh B.Voc.-Software Development (2016-2019)**
